Raiders hideout

26 Marpenoth 1489 DR, ~00:30 → ~01:00

Party present: *Eguzkilore, Nuberroca, Nyx, Sinsong*
Party absent: *Amidamaru, Mialee*

Epic moments

- **Nyx** threads an arrow past Nuberroca's shoulder into the drake's paw.
- **Sinsong** binds the Roper with sleep.

Summary

- **Frulam's quarters cleared** — cult notes, map, and a book on dragons taken; shaft revealed.
- **Tiamat shrine** — five-headed dragon statue and acid trap; wooden chest acquired.
- **Hatchery found** — three dragon eggs, two destroyed.
- **Roper put to sleep** — Sinsong's spell opens the escape route.

Events

- Drake bursts from the corridor at the back of the barracks; killed in one quick exchange.
- Frulam's quarters searched — cult notes, map, and a book on dragons taken from the bookshelf.
- Sinsong falls through a concealed trapdoor; catches the rope, climbs back up, reports a dragon-statue chamber below.
- Winged kobolds surge up the shaft. Eguzkilore is netted and goes down; Sinsong stabilises him with *Spare the Dying*, then a Healing Word brings him back to his feet.
- Shaft barricaded with the writing table; party descends the rope. Drake fight at the foot of the shaft — cleared.
- **Tiamat's chamber** — five-headed dragon statue emerging from a volcano; small wooden chest by its base. Striking the chest triggers an acid trap from the carved black-dragon mouths; party fares well but the dragon book is ruined.
- Hatchery approach: kobolds and two drakes; cleared.
- Behind the iron gate: three dragon eggs in straw. Two cracked open with the greatsword — half-formed hatchlings die on the floor.
- A cave column reveals itself as a **Roper** and drags the dead hatchlings off to eat.
- Roper climbs over the iron gate from the ceiling; grapples Nyx and bites Nuberroca, tentacle needles draining the goliath's strength.
- **Sinsong binds the Roper with sleep.** Party retreats up the rope with the wooden chest; Roper left slumped.

NPCs

None this session.

Knowledge gained

- **Hatchery found.** A barred chamber holds three large dragon eggs in straw, roughly a metre tall each.
- **Tiamat shrine.** A vast five-headed dragon statue climbing from an erupting volcano, surrounded by dragon-themed bas-relief carvings.

Status changes

- **Cult notes and map acquired.** Nyx took both from Frulam's writing table; not yet read.
- **Book on dragons acquired, then ruined.** Pulled from Frulam's bookshelf; half its pages eaten away by the acid trap.
- **Wooden chest acquired.** From the foot of the Tiamat statue.

Loose ends

- **The Roper** — left slumped from Sinsong's sleep in the hatchery.
- **Third dragon egg** — one intact egg remains in the hatchery.
