Hunting lodge

16 Hammer 1490 DR, ~22:00 → 17 Hammer, ~08:20

Party present: *Amidamaru, Eguzkilore, Mialee, Nuberroca, Nyx, Sinsong*
Party absent: *Kaelthar*

Epic moments

- **Amidamaru** sees Trepsin tread through Sinsong's "offering" on the lodge step.
- **Nyx**'s "all for Tiamat" on the way out meets cold looks from Talis's guards and Kusphia.

Summary

- **Lodge infiltration** — entered under cover of a cook's escort.
- **Gargoyle ambush at midnight** — stilled by Talis's single word of command.
- **Audience with Talis the White** — commanded to wipe out the Nashkag goblin tribe.

Events

- Set a cover story as reinforcements for the goblin problem and walk in as a cook's escort.
- The steward Gastyn admits them to the entry hall; the lady of the house is informed.
- Mialee's invisible sweep upstairs finds a vaulted hall of four chromatic-dragon tapestries around a gold-thread Tiamat.
- Sinsong recognises the mounted griffon as his lost Targutai; two flasks are prised from its hollow head.
- Nuberroca is bathed clean; Sinsong defecates on the lodge doorstep as an offering to any listening god.
- Sinsong freezes solid trying on the elven armour; Nuberroca thaws him by the hearth.
- Two gargoyle sentries ambush the entry hall; Sinsong Commands one away before Talis calls both back to their plinths.
- Audience with Talis the White — ordered to find and exterminate the Nashkag goblin tribe by morning.
- Hole up under Amidamaru's warded shelter for the night; dawn finds them sleepless but rested.

NPCs

- **Talis the White** — Half-elf cult cell leader. Commissioned the Nashkag goblin extermination.
- **Trepsin** — Four-armed brute, lodge enforcer. Named by Talis; sighted by Amidamaru at the door.

Knowledge gained

- **Rezmir is a Wyrmspeaker.** Talis asked after "Wyrmspeaker Rezmir" by title.
- **Lord Marsten.** Previous lodge owner, died in a hunting accident; handover to Talis a few months back.
- **Gargoyle sentries.** Two demon-statues flanking the stairs.
- **Trepsin profile.** Massive four-armed, moss-skinned brute; keeper of Talis's drake-patrols.
- **Magical items identified.** All items in the party are identified now.

Status changes

- **Draconic-runed spear acquired.** Light-trick only ("the eyes of Tiamat shine"); lifted from the lodge armoury.

Loose ends

- **Cult counter-sign suspicion** — Nyx read Talis as displeased.
