# Session 57 GM

**2026-11-08**

**Hunting lodge**

*17 Hammer 1490 DR, ~13:20 → ~19:30*

**Party present:** *Eguzkilore, Kaelthar, Mialee, Nuberroca, Nyx, Sinsong*
**Party absent:** *Amidamaru*

### Summary

- **Nashkag agreement** — totem and no activity in a few days.
- **Sohey vs Nuberroca** — exchange blows in a close match.
- **Talis killed** — her own wasp swarm finishes her.
- **Ambush triggered** — the full lodge rises against the party.

### Epic moments

- **Nuberroca** and **Sohey** trade blows; the goblin reads the barbarian minute by minute until he is nearly spent.
- **Nuberroca** hurls his halberd like a javelin, punching clean through Sorvic's visor and pinning him to the wall.
- **Sinsong** rises with fey guardians and drops eleven kobolds silently as he walks the hall.

## Events

- Mialee lifts a pendant from Trepsin's pyre and consoles Sohey; the goblin then tears north at an unnatural speed.
- ~14:00 — Sohey returns their stolen gear, magical spectacles and a magical pen; Mialee asks for proof and a delay.
- Sinsong's healing exposes Eguzkilore's magic-rejecting affliction — blisters bloom wherever the magic touches his skin.
- ~15:00 — The Nashkag totem is delivered, Nuberroca duels Sohey as farewell, and rum and a sealed ceramic jar change hands.
- ~16:00 — The party treks three snowed-over hours; Nyx navigates by her own broken-branch markers back to the lodge.
- ~19:00 — Talis greets them armed, Kushpia at her shoulder and two mercenaries in the hall; weapons stay drawn.
- ~19:30 — **Ambush sprung** — Talis falls to her own wasp swarm; Kushpia and Sorvic killed; Nuberroca reclaims *Dragonġleam*.
- A troll crashes through the east wing, killing Fenrir; Sinsong's fey guardians scythe eleven kobolds silently; Wessic falls.
- **Three trolls converge** — one is killed and burned; Kaelthar drops shielding Sinsong; Fenwick emerges with armed kitchen staff.

## NPCs

- **Sohey** — Delivered totem and gifts, duelled Nuberroca, promised a sending-stone rematch.
- **Talis the White** — Sprung the ambush; killed by her own wasp swarm.

## Knowledge gained

- **Eguzkilore's magic-rejecting affliction.** Sinsong recalls an old condition: flesh rejects the touch of magic, blistering on contact; cleared on its own after a few days, though some form of healing should be able to remove it.

## Status changes

- **Trepsin's pendant acquired.** Mialee carries it; close kin to Nyx's own, origin unknown.
- **Magical spectacles and pen acquired.** Gifts from Sohey.
- **Dragongleam reclaimed.** Nuberroca lifted the draconic-runed spear from Talis's body.

## Loose ends

- **Nyx's rope** — returned tacky and feels foreign in her hand; potentially tampered with or swapped.
- **Sinsong's scar** — flashed at the back of his neck as the wasps dropped him; trigger and meaning unexplained.
- **Sohey's rematch** — the goblin promised a friendly fight against the whole party, to be called via messaging stone.

## Missions & rewards
